Attached is an Errata Copy.

As it explains in the footnotes on pp. 2 and 6, this Errata Copy is filed and the subject Recon Petition was filed with you by email. The Recon is regarding the **April 11 2017** letter ruling that has no DA number and that was not publicly released when issued in a docket (or otherwise).

However, I submitted a copy of the subject Recon Petition on ECFS in 11-71 and 13-85 last night, and will do the same with this Errata Copy today. I will include a copy of this email.

Thank you,  
Warren Havens
